I do know that Jack Prelutsky is
an author but I cannot recall all
of his works. From your letter, I
can infer that he is a poet (an
author that writes poetry) and
in my mind, I perhaps think I
remember that Prelutsky writes
children's books.

I have loved poetry a long
time. When I was little my Mom
read me Shel Silverstein when I
was in high school, my favorite
English teacher - Dr Carlson - had
us read and memorize several
poems by Robert Frost and

Elizabeth Barret Browning. How I
loved the words. My senior year
in high school, I won a
poetry contest at my school -
that was really exciting. Who
knows, maybe you'll win a
writing contest someday ???

Love,

Kary

2-25-12 Dear Kary,

Today is my Blue and
Gold Banquet for Boy
Scouts. I am moving up to
be a Bear Scout. I am so
excited!!! The highest level

you can go is Eagle
Scout. Were you ever a
Girl Scout?

Reid

2-28-12

Dear Reid,

I so enjoy our interesting
conversations about all sorts
of fascinating topics - like
mushrooms. Grown-ups could not
discuss the virtues of mushrooms
beyond wanting them on a
pizza - which is why I
generally prefer meeting and
talking with kids like you.
Hopefully, when you are a grown
up you'll retain your

child-like sense of wonder!

So, I was not a girl scout [^]. I was a camp fire girl and an Indian princess but that's as close as I got. My school (FWCD rival - TVS) had an outdoor club so I did spend a lot of time hiking, backpacking and camping. I always imagined our outdoor club was like the boy scout experience. I'm sure though that nothing really compares!

So, what does a ~~deer~~ ^{bear} scout do or mean? Do

you have certain tasks you
have to perform?

Write soon!

→ Love,
Kary

Dear Kary, 3-4-12

I meant to write Bear
Scout. Today I had a soccer
game. We lost by 6-0. Did you
play a sport when you were
young? I do not care if we lose.

Reid

3-21-12

Dear Reid,

OH that makes sense - a bear

Scout But I still don't
know what a bear scout is???
Is it like a cub scout???

I'm glad that you
are playing soccer to have
fun and learn how to work
with others as a team! I
didn't play any sports when
I was your age. Back in
that time, it wasn't as
common for ^{young} girls to play team
sports. I took ballet in
1st grade but I didn't
like it much. When I got into
6th grade I started playing
field hockey - forward right

???

wing position and then
in 9th grade I took up
golf. I never felt like I was
too great at sports, I
always liked reading books
and writing stories better.
Oh and I loved Art class!!

I'm glad you are back
this week. I've missed
you! So, ~~tell me about~~^{how was your}
spring break??? I know
not a very original
question - my ideas aren't
always creative...

Love

Kary

Dear Kary,
Spring Break was a lot
of D.R. and sometimes
W. That means dirt, rocks,
plants, and water. We did a
lot of hiking. We were in
6 states. We had real native
guides. How was your Spring
Break?

Reid

Dear Reid,

D.R.P. and sometimes W!

That's a cute acronym that I've never heard - dirt, rocks, plants and sometimes water! Did you make up D.R.P. or sometimes W? So it sounds like you had quite an adventure. Did you camp out and sleep in tents? I do love camping & hiking. I can't wait until I finish school and have time to camp again. It's definitely on my growing to do list!

So my spring break consisted of N.F.S.S. - no fun sinus

surgery. My ENT (short for
ear, nose, and throat) doctor
removed a benign tumor
which I fondly named "Bob -
the booger". He was blocking
my nostril. So in order to
be able to breathe again, the
ENT removed Bob which
required me to be put under
general anesthesia on Monday
March 12. Then Tuesday through
Friday of break, I rested and
recovered from the surgery.
So my break wasn't a lot of
fun 'n' - the good thing is
I ~~am~~ can breathe!!!

So, let me know what
you find out about
jellyfish as far as
their eating habits ...
write soon,

Love & Hugs

Kary

Dear Kary,

I do like camping. I
also like hiking. We eat
smores while camping.

What do you eat
when you go camp?

Where do you camp?

Sorry about your
Spring break.

Reid

4-3-12

Dear Reid,

My dog's name is Amber. She is a German Shepherd-Husky mix.

She is 16 years old with ears that flop at the tips. She is scared of thunderstorms and ~~the~~ the vacuum cleaner. She likes to eat peas that are rolled across the floor to her (like bowling)! ☺ Tell me about

your pets.

Love,

Mrs. Angela

~~Handwritten scribbles and crossed-out text, including the words "OLD" and "NOV".~~

Is your DAD 3 years?
I have 4 pets, 2 are cats
2 are hermit crabs. I
love animals because
when you are alone there
here for you. I love pets
Reid

Dear Reid,

I'm sorry I was not here last
week. I'm glad you got to spend
time with Angela - she really
loves seeing you because
you are so kind and because
you work so hard! I agree with you

idea that animals are there for
us when you are all alone! Act
what came to mind is a favorite
reptile book of mine called
Rosebury Park - the main charac-
ters are a hermit crab, a labrador,
a red squirrel and a bat! The
hermit crab is by far the wisest
of all animals ^{on earth} do you think is
the smartest? Why?

Write soon,

Love

Kary

Dear Kary,

I looked up the
top 10 smart animals
They were 1. Chimp

2. Dolphin

3. Orangutan

4. Elephant

5. Crow

6. Pig

7. Squirrel

8. Pigeon

9. Octopus

10. Rat

My favorite animals
were Dolphin and Octopus.

Dogs didn't make the list. Would you rather get a rat?

Reid

Squeek!

el saee ko!

le saee ko!

H-17-12

Dear Reid,

These are some fascinating research findings. Whenever I read new facts (well new to me)

I think of more questions. The

first thing I wondered is, how do scientists measure animal intelligence? Then I wonder how

Can we quantify human intelligence
In other words, what characteristics
make an animal or person
smart? Furthermore, how do
you tell if an animal is
smart if you can't talk to
them (in English) - well I
guess you can talk to them
but unless you are Dr. Doolittle
they most likely won't talk
back???

Love,
Kary

P.S. I've heard all these animals
are smart in passing except the
octopus. That was a surprise!

With navy
- read about animal
tests. You can not
put all animals at the
same time. You can't test
everything with tentacle
hands fairly at the
same time. Do you think
this is a test that
fits all species of
animals in one test fairly
your surgery went well
Reid

- Reid, ...
Can you tell me more about
Crystal Cave? That sounds

So amazing! If you can't remember much about that, I would love to hear about another adventure you have had. I went to Carlsbad Caverns one time. It was extremely amazing to see all the stalagmites and stalagmites! We did a lot of walking that day. I think it was even kind of cold down there.

Love,

Mrs. Angela

Dear Angela,
The cave we went in was in Bermuda.

There were lots of
chickens and Bananas
we went to Bermuda
on a cruise for my
grandparents anniversary
we went to Fantasy
Cave on a Fantasy trip
Reid

5-1-12

Dear Reid,

I caught a fish on my
first fishing trip when I
was 8 years old! I went
with my dad to a little
creek in Benbrook. The water
was ~~so~~ so dirty that you couldn't

even I see through it! I caught
my first fish there and named
him "Flipper"! He probably
wasn't more than 4 inches long,
but I was so excited just
to have caught one! Tell me
about a fishing adventure you
have had. Love,

Mrs. Angela

5/12

Dear Angela,
I went fishing at
scout camp. The only
things I caught were
two plants, a spider web,
a pile of weeds, and thin
air. I spent three hours
on this. What a waste of time!

No one 'eats' had better
luck. Luckily they
didn't depend on me
for dinner.

Reid

Dear Reid,

Did you have fun fishing? Then
perhaps it wasn't a waste of time?

But you are right - be glad no
one was depending on you for
dinner U.

Speaking of luck, I know someone
who is very lucky - so lucky in
fact that is his name !!! If you'll
write me an email, I'll tell you all

about Lucky - I would right
now but we're out of time
"
A.

Write soon,

Love

Kary

Dear Kary,

I will email
you about this next
I mean Reid

9-13-11 Reid

I will tell
you about tirtels.

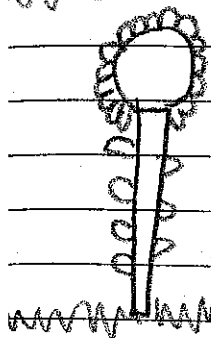

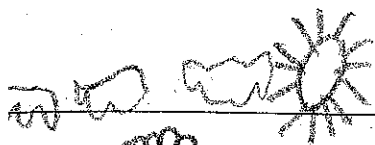

Tirtels mosetly live on
beaches and in water.
Tirtels are not just green
they can be other colors
too. There are many types
of tirtels too.
